

Aankoop grond

Aan iedereen die de **Stichting "Holland Building" Nepal** en de **SGCP** (Selfhelp Group for Cerebral Palsy) te Kathmandu een warm hart toedraagt.

Goed nieuws over de grond!

11 september 2003 is opnieuw een memorabele dag, maar nu in positieve zin.....

Het werk is gedaan!, het land is gekocht!

Het was en lange periode van afwachten, van hoop en van teleurstellingen verwerken, maar uiteindelijk is dan toch het doel bereikt en is het geduld beloond. Volgende maand gaan we naar Nepal om het nieuwe land van dichtbij te bekijken. Daarna zal dan voor ons een periode van voorbereiden en realiseren van het fysiotherapiegebouw aanvangen.

Met vriendelijke groet, Co & Corrie Reijnders Enkhuizen, 14 september 2003.

Onderstaand treft u het bevrijdende bericht aan.....

Dear Bob and Frances, Co and Corrie, Nasma and Giovanni and Mary-Jo,

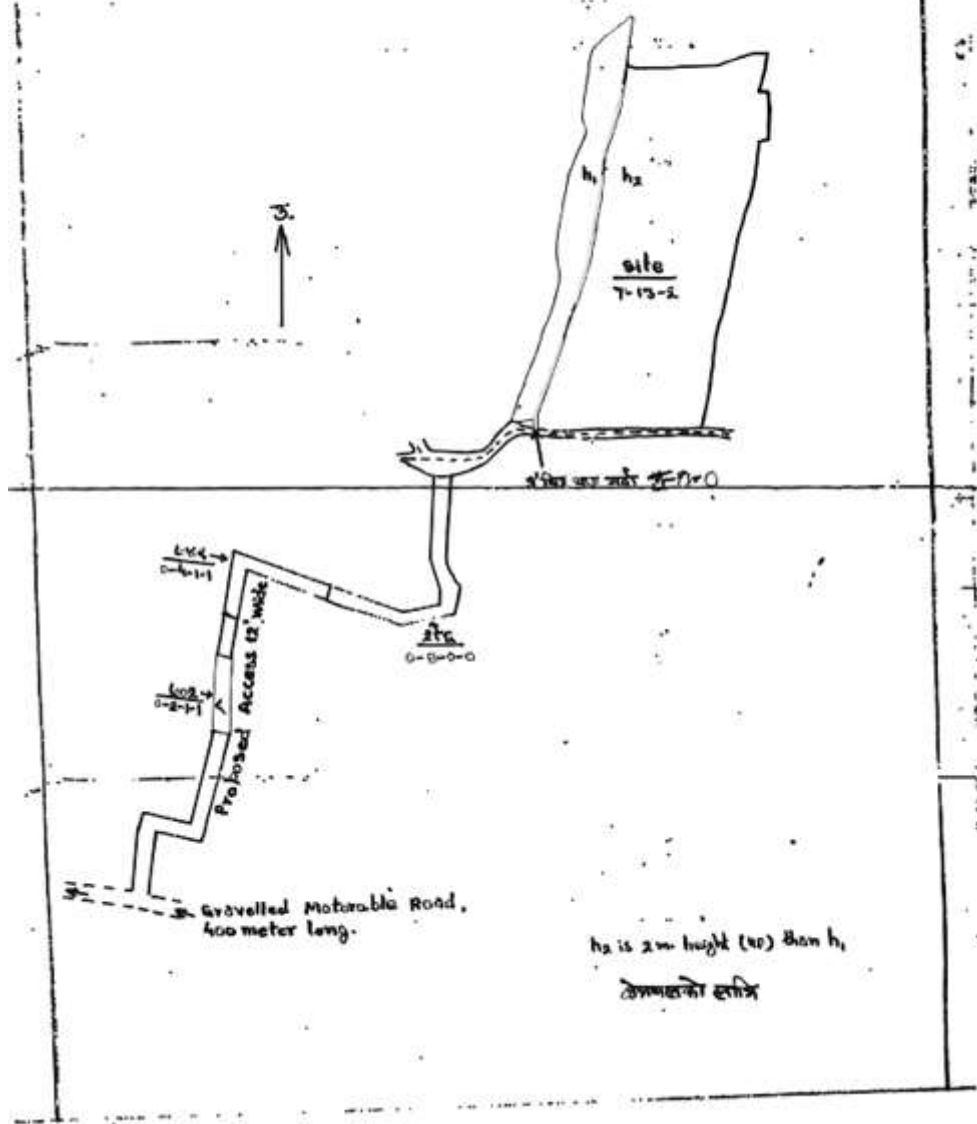

The work is done! We have bought the land! This is time to celebrate!

Today was fully required to complete the job: as the land-owner insisted to get the whole amount in cash, a usual practice in this country, we had to organize this operation carefully, considering the uncertain times these days. After the release of the funds in SGCP's bank in New Baneshwar we packed everything in four bags and drove to Patan in my car. While Professor, Arun and Mr. Neupane were in the Revenue Office to sort out and sign the papers, Shoba, myself and Sujan, the accountant, waited with the money in a relative's house closeby. After about two hours we proceeded to the land-owners' bank in Lagankhel, where the staff carefully counted all four bags full of bank-notes, which also took some hours (obviously there are some fake 1000 Rs. bills in circulation). Then again Professor and land-owner had to go to the Revenue Office to get the final work done. So after three long years we finally reached our goal! We are all very, very glad and happy! We want to thank you all from the bottom of our heart for all your efforts and contributions which made this possible. As tomorrow is a day to commemorate the deceased members of the family, Professor will write you tomorrow evening only. Next week we will celebrate with the whole SGCP and then take the staff slowly out to see the land! It is such a beautiful plot! I wish you could come over at once and see it!!

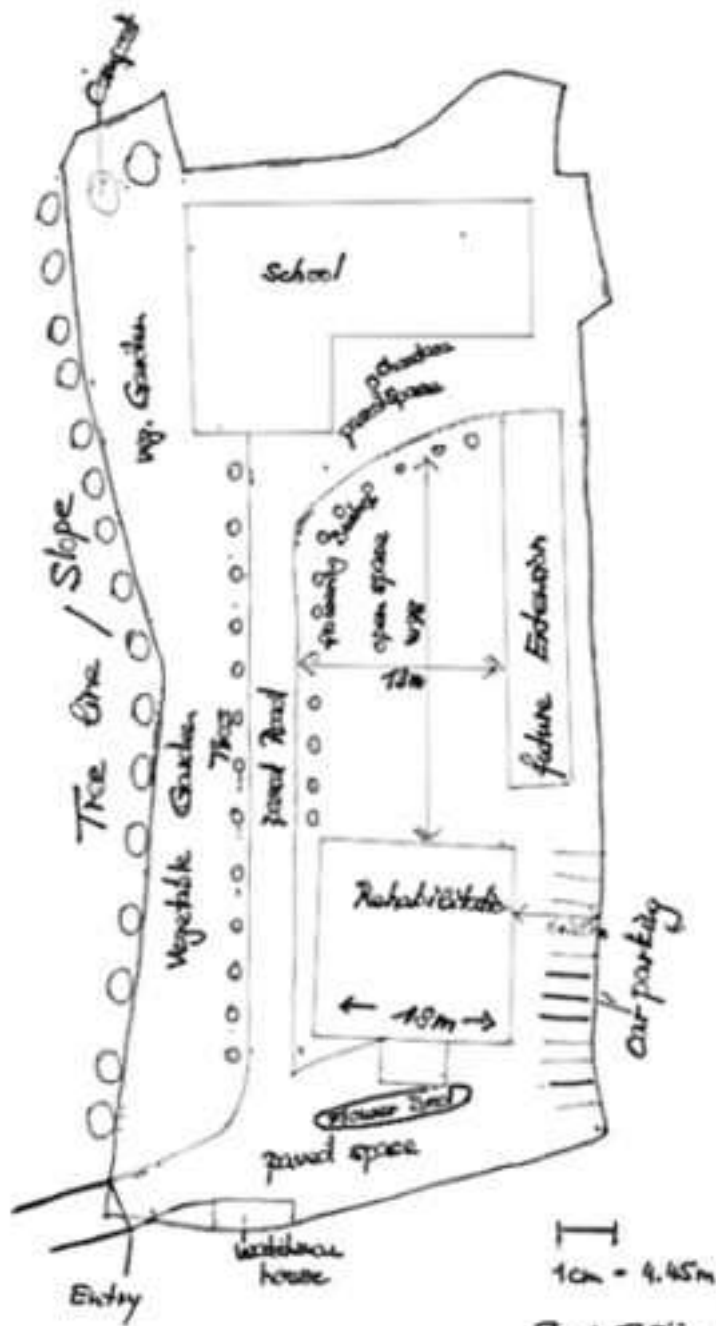

With best regards,

yours Susi
